    <title>Assignment01_1</title>
</head>

<body>
    <h2>  This is all about formatting </h2>
    We know the the internet is a wonderful place to visit but why do some things
    on a web page catch our eye more than others. It is because of the
    <i>formatting</i> and the <b>emphasis</b> of different elements to a page.
    <b>Bold</b> <i>italic</i> <u>underline</u> <em>em</em>
<strong>strong</strong>
    are all tags that can be used for this task.
</body>
```

    <h1> About </h1>
    <p>
        It can be intimidating for women to learn and ask questions when they
        are in an <strong>extreme minority</strong>. While open and welcoming,
        today's budding developer comminity is up to <strong>91% male</strong>.
        If we can empower more females with the confidence in their technological
        <i>we can begin to change this landscape</i>.
    </p>
